1. The "Democratic Army" has decided that in the regions controlled by them, Slav schools shall function in certain villages. The teachers are to be brought from Skoplje in Yugoslavia.
2. In these schools the form of writing and the language approved by the Federated People's Republic of Macedonia is to be taught. The general director of the organization of these schools is reported to be the public school teacher Balkos from Prespa (probably Michael Balkos or Balkov or Papaspyrou).
3. For the opening of the Greek schools, certain teachers in the Andarte regions have been ordered to appear at their posts in September. Those who do not appear will be branded as reactionaries and teachers who had been dismissed on subversive grounds will be appointed in their places.
